

Repeat prescriptions?

# Thank you for only ordering what you need

If you have enough medicine at home, there's no need to order now – you can request more in future.

more information

### Stay Green

- The best way to manage waste medicines, is to give them to your pharmacy. This helps stop medicines polluting our beautiful rivers and sea
- By only ordering what you need, you help the environment, because once medicines have left the pharmacy, they cannot be recycled or used by anyone else

### Stay Safe

- Big stocks of medicines at home can be a danger to children and pets
- Medicines are only prescribed for you and to be safe, should not be shared

### Stay Well

- Unused medicines expire and might not work as we want them to
- Keeping big stocks of medicines at home can make drug shortages worse
